Title: Torture.
Fandom: Supernatural.
Rating: R.
Warnings: Dark, creepy.
Pairings/Characters: Castiel/Crowley.
Word Count: 100 exactly.
Summary: Castiel causes the slightest touch to give Crowley pain, and goes from there.
Note: I can't seem to write anything but darkfic tonight, but that's

alright! Thanks to **ravenspear** for the pairing/idea.

Castiel dots him with kisses, flutters gentle touches across his chest and arms. Castiel *smiles* at him, and hushes his screams.

"Damn you," Crowley forces out between agonized moans, between bolts of pain that he can't hide from.

Castiel pauses in his ministrations to look Crowley in the eye, and he doesn't lose his smile.

"I'm not the only Father you worship, am I?" Castiel asks, and all Crowley can think is *Lucifer*.

"You're not - God - " Crowley forces out, as Castiel leans over him, sliding gentle fingers up and down his chest.

"I'm not," Castiel agrees,

"I'm better."
